## RESULTS, AVERAGES, AND OSCARS

1983–1992

In June 2007, Chris Dunabin produced the following record of the years 1983–1992.

Contents:

1. For each year, a summary of the results, and the averages
2. An overall statistical summary of results 1983–1992 (including results by opponent)
3. Cumulative Averages 1983–1994 (prepared for the 21st anniversary dinner, March 1995)
4. Oscars awarded for 1983–1992

Because of differences with the way records have been presented since 1993, this document is simply made available here as Chris compiled it.

## **LONDON ERRATICS CRICKET CLUB**

### **Scores, results and averages 1983-92**

#### **General notes:**

1. Underlined scores show the side batting first
2. Individual scores of 50 and over, and 5-wicket innings, are shown; also other selected performances
3. Names in bold in seasonal averages are those included in cumulative averages
4. Averages are shown as compiled at the end of each season; qualification criteria etc may therefore vary.

## CUMULATIVE AVERAGES, July 1983 – end 1994

Note: these averages include figures for 1993 and 1994 not separately recorded above, as compiled for the March 1995 dinner (with minor corrections). Because of incomplete and / or inconsistent recording of “also batted / bowled”, they may understate matches played and bowling figures for those who played only one or two games in particular seasons. Scores for about 2 matches are missing.
